CSD Parent Contact Form

If you would like to learn about opportunities to participate in our future projects, please complete this form and email it back to libenlab@gmail.com. A researcher will then contact you when appropriate studies are available.

Filling out this form does not obligate you in any way. It means only that we would get in touch when a study becomes available. When contacted, you would learn about the current study, and you and your child could decide whether or not you would like to participate. Thanks very much for your interest and cooperation!

Parent/Guardian Name(s): _____

Address: _____ Phone: _____

_____ email: _____

Child's Name

Birth date
(MM/DD/YYYY)
